## We'd like your views!

### Scotland is a world leader in the fight against climate change.

Our country has a target of Net Zero carbon emissions by 2045, with the UK aiming for Net Zero by 2050.

To help meet those targets, SP Energy Networks needs to strengthen Scotland's electricity transmission and distribution network so we can transport increasing amounts of clean, green energy from where it's produced to where it's needed.

Our transmission work includes the provision of a new 132kV wood pole overhead line connecting the proposed Cloich Forest Wind Farm substation to the grid at Currie substation.

We have identified a preferred route for the proposed new overhead line, and we would like to hear local people's views to help us develop our plans.

---

**Our public consultation runs from Monday 13 May 2024 to Monday 17 June 2024.**

---

### Public exhibitions

Date	Location
28th May 2024, 11:30am to 6pm	St Andrew's New Church Hall, Main Street, <b>West Linton</b> , EH46 7EE
29th May 2024, 1pm to 6pm	Tarbrax Village Hall, Crosswood Terrace, Tarbrax, <b>West Calder</b> , EH55 8XE
3rd June 2024, 1pm to 7pm	Balerno Community Centre, 7 - 11 Main Street, <b>Balerno</b> , Edinburgh, EH14 7EQ

We are holding three public exhibitions where you can view our plans and talk to the project team. Information relating to the proposed overhead line, including a virtual consultation room, will also be made available online from the **13th May 2024** at:
