ELECTRICITY ACT 1989

TOWN AND COUNTRY PLANNING (SCOTLAND) ACT 1997

**THE ELECTRICITY WORKS (ENVIRONMENTAL IMPACT ASSESSMENT)
(SCOTLAND) REGULATIONS 2017**

Notice is hereby given that ScottishPower Transmission Plc, company registration number SC189126, with its Registered Office at 320 St. Vincent Street, Glasgow, G2 5AD, Scotland, has applied to the Scottish Ministers for consent under Section 37 of the Electricity Act 1989 to install and keep installed a new double circuit 132kV steel lattice tower OHL, approximately 10 km, between a new substation at Glenmuckloch (Grid ref: 271135, 614280) and Glenglass substation, (Grid ref: 272122, 606658); and ancillary development including temporary access tracks including watercourse crossings; associated construction working, pulling and laydown areas for construction and temporary construction compounds.

The proposed development has been subject to Environmental Impact Assessment (EIA). An EIA Report has been produced to accompany the application for consent.

SPEN has also applied for a direction under Section 57(2) of the Town and Country Planning (Scotland) Act 1997 that planning permission for the development be deemed to be granted.

A copy of the application, with a plan showing the land to which it relates, together with a copy of the EIA Report discussing the Company's proposals in more detail and presenting an analysis of the environmental implications, is available for public inspection, free of charge on the application website

https://www.spenergynetworks.co.uk/pages/glenmuckloch_to_glenglass_reinforcement_project.aspx or on the Scottish Government Energy Consents website at www.energyconsents.scot under application reference ECU0001998.

A copy of the application, including plans showing the lands to which it relates and the EIA Report, is available for public inspection in person, free of charge during normal office hours at:

- Miners Memorial Hall, Needle St, Kirkconnel Sanquhar, DG4 6ND

Copies of the EIA Report may be obtained from SPEN (email: glenmucklochprojectmanager@spenergynetworks.co.uk) at a charge of £1,000 in hard copy and £30 on a DVD/CD or USB. Copies of a Non-Technical Summary are available free of charge.

Any representations to the application may be submitted to Scottish Ministers via the Scottish Government Energy Consents Unit, either via the website at

<https://www.energyconsents.scot/Register.aspx>; by email to representations@gov.scot; or by post to Scottish Government Energy Consents Unit, 4th Floor, 5 Atlantic Quay, 150 Broomielaw, Glasgow, G2 8LU, identifying the proposal and specifying the grounds for representation. Please note that there may be a delay in the Energy Consents Unit receiving representations by post.

Written or emailed representations should be dated, clearly stating the name (in block capitals) and full return email and postal address of those making representations. Only representations sent by email to representations@gov.scot will receive acknowledgement.

All representations should be received not later than **31st March 2023**. although Scottish Ministers may consider representations received after this date.

Any subsequent additional information which is submitted by the developer will be subject to further public notice in this manner, and representations on such information will be accepted as per this notice.

As a result of a statutory objection from the relevant planning authority, or where Scottish Ministers decide to exercise their discretion to do so, Scottish Ministers can also cause a public inquiry to be held.

Following examination of the environmental information, Scottish Ministers will determine the application for consent in one of two ways:

- Consent the proposal with or without conditions attached; or
- Reject the proposal.
